

Jean Moyser – Wakefield Flanshaw Junior and Infant School, Wakefield.

Q1 - How has Classroom Monitor helped your staff?

“It has started the process more positively now that we are not shuffling papers. It has aided the sustainability of the process and secured record keeping. One tool used across school eventually. Feeds into a reporting system. Allows staff home and anytime access.”

Q2 - How has Classroom Monitor helped you as Senior Management?

“It will allow big picture at a button instead of trawling through paper files – also reduces the risk of lost data and date stamps/signs all entries on the system”.

Q3 - When you have needed help with Classroom Monitor how helpful has the technical support been?

“So far brilliant! Staff training was succinct and your staff were knowledgeable and approachable.”

Q4 - Would you recommend Classroom Monitor to other schools? And what is the one thing that you would recommend above everything else?

“Harnessing Technology is the key phrase – and yes I have recommended already it to many via a deputyhead’s network meeting.”

Q5 - What has the reaction been from other parties to Classroom Monitor? Eg Ofsted/Parents/Advisors/Governors etc

“Interested and understanding of our reasons – manageability and paperless environment.”

Q6 - Is there anything else that you would like to add regarding your experiences of Classroom Monitor?

“We are new but already technophobes are reporting they access it with ease – so very intuitive. Addresses for us the issue of online reporting and this was another consideration when deciding to use your services.”

“One for the future – if many schools in one geographic area are using CM then some anonymous way of benchmarking against similar schools might be good.”
